

# My ECO Barrel™ Features & Benefits

Climate LLC pioneered the Original soft-sided rainwater harvesting barrel.

## A 100% BPA-Free Product

- **Best Warranty** – 1 year Limited vs. 90-days or less for competing products
- **Structurally superior to competing products:**
  - 0.022in. (.55mm) **ClimaFabric™** a reinforced UV resistant PVC fabric with high frequency welded seams vs. competing products at .0010in. (.25mm) or thinner and chemical seams
  - **ClimaStruts™** one-piece uprights made with our proprietary formula for superior strength and are UV resistant
  - **Near-360° double-sewn synthetic dual-way zipper and screened inlet in the lid**
    - Doesn't require realignment to attach
    - Can't blow away
    - Enables fast water can filling by dunking
    - Inlet doubles as vent/overflow if the overflow is used as an inlet from a rainwater harvesting pre-filter
  - **Separate 1/4-turn ball-valve drain, 1/4-turn spigot, and overflow assemblies**
  - Spigot is 10in. (254mm) high so **watering cans fit without the need to place barrel on a pedestal**
  - **Screen cap filters** on overflow, spigot and drain valve - prevent debris from blocking flow and inhibiting insect or rodent entry into barrel
  - **1/4-turn ball-valve drain** is threaded & comes with quick-connect insert w/O-ring-for quick connection hose
  - **ALL fittings come with dual rubber washers so no added sealant is necessary**
- **Larger Capacity/Scale**
  - Engineered for structural integrity to achieve larger capacity
    - 132 gallons (500L) vs. 50 gallons (189L) max from most competitors
- **Highly Portable**
  - Light-weight – 10lb (4.536kg.) shipping weight – not heavy or bulky like competitors
  - Foldable Design – Compresses easily for storage or transport
- **Easy Assembly in minutes and needs no tools or pedestal**
  - All parts included and no tools necessary
- **Exceptionally durable**
  - Aforementioned 0.022in. (.55mm) thick **ClimaFabric™**
  - UV resistant and antibacterial which increases durability
  - Synthetic zipper – no corrosion – double-sewn
  - Corrosion resistant fittings
  - Aforementioned **ClimaStruts™** have superior strength and are UV resistant
- **Easy Maintenance**
  - Clean with mild dish soap
  - Dual-way zippered lid facilitates internal cleaning

# My ECO Barrel™ Features & Benefits

As the ORIGINAL soft-sided rain barrel, My ECO Barrel™ has all the research and development behind it to continue to be the highest quality and best-selling product of its kind and all the imitators are missing one or more important elements.

## Use Cases:

- Irrigation or sprinkler system source
- Gardening and composting
- Pets, livestock, and wildlife
- Fire protection
- Laundry and toilets
- Washing of vehicles, equipment, and yard tools
- Washing driveways, sidewalks, deck, patio, house, out buildings
- Swimming pool and spa
- Fountain, water feature, and fishpond
- Drinking water if properly filtered and sanitized; always consult a professional
- Emergency water
